Enludus Shorts Publisher Terms of Service

Last updated: November 10, 2026

These terms govern the use of Enludus Shorts Publisher (the "Tool"), operated by Enludus, the trade name of Ibuki Nagase, a sole proprietor in Japan ("we").

1. What the Tool does

The Tool is an internal command-line tool. It uploads short videos that Enludus makes about its own apps, with titles and descriptions that Enludus writes, to Enludus's own YouTube channel. It is not offered to the public and is used only by Enludus.

2. YouTube Terms of Service

The Tool uses YouTube API Services. By using the Tool, you agree to be bound by the YouTube Terms of Service. Information is handled as described in the Shorts Publisher Privacy Policy and the Google Privacy Policy.

3. Content

Videos uploaded with the Tool show real footage of Enludus's own apps, with music and sound effects made by Enludus and narration generated from scripts that Enludus writes. Enludus is responsible for the content it uploads and follows the YouTube Community Guidelines and YouTube's rules on disclosing altered or synthetic content.

4. Acceptable use

- The Tool may only upload content that Enludus owns or has the right to use.

- The Tool must not be used to upload spam, misleading metadata, or repetitive mass-produced content.
- The Tool must not be used to access or upload to any channel other than one owned by Enludus.

5. Availability

We may change, suspend, or stop the Tool at any time without notice.

6. Disclaimer

The Tool is provided as is, without warranties of any kind. To the extent permitted by law, we are not liable for damages arising from its use.

7. Changes

We may update these terms. The latest version is always on this page, with the date it was last updated.

8. Governing law

These terms are governed by the laws of Japan.
